

GUARANTEE

Aura Light International AB, Karlskrona (Sweden), grants a guarantee for all installed

Aura Long Life Titan low voltage dichroic lamps.

This guarantee is valid for all installations fulfilling the relevant norms and application requirements. The guarantee is granted for the average lifetime of the Long Life low voltage halogen dichroic lamps based on a professional operation cycle (switching once per day on and off) and on usual burning times.

The average lifetime is defined as the number of operating hours after which 50 % of a representative volume of lamps have survived when operated under specified test conditions (lifetime to 50 % electrical lamp failures).

<u>Type of Long Life low voltage halogen lamp</u>	<u>Average Lifetime</u>
--	--------------------------------

Lamps with specific capsule to realise long burning times

(50 % survivals)

<u>Titan LL</u>	12 V, 20 W, 35 W, 50 W	15.000 h
------------------------	---------------------------	----------

When the electrical failures are more than 50 % within the guaranteed lifetime the defect low voltage halogen lamps above 50 % will be compensated free of charge. A claim for damages can not be constituted based on this guarantee.

The validity of the guarantee is based on the condition that the use of the lamps has to comply with:

1. Operating the Aura Long Life low voltage halogen lamps with usual and according to IEC/EN standards produced transformers. The operation has to be at the specified voltage.
 - The use of the lamps shall be in luminaires complying with the requirements of the safety standard IEC/EN 60598.
 - Only correct suitable lamp holders shall be used.
 - The mounting distance specified by the luminaire manufacturer has to be followed.
2. After announcement every defect lamp has to be returned to Aura Light for test in the Aura laboratory. Only failures confirmed by the laboratory investigation will lead to a guarantee compensation.
3. Installation costs for lamp replacement within the guaranteed lifetime will not be compensated by Aura Light.
4. The guarantee is valid from day of use which has to be recorded by the user.
